

## **Personal Statement**

For

---

The personal statement is generally used by colleges and scholarship committees to get a broader view of the student as a person. Below are some tips on how to write a personal statement. Students should include their statement in this section of the PTP.

It is recommended that students produce their statement on computer and print it double spaced and with a highly legible 12 point font, such as Times New Roman. More tips on writing a personal statement can be found on the Kua O Ka La Counseling Center site.
